

Dan Banica

UI/UX & Product Designer

Oklahoma City, OK • hello@danbanica.com • <https://danbanica.com/>

Experience

Associate/Lead Product Designer | Paycom Aug 2024 – Present

Enterprise SaaS — Oklahoma City, OK

- Design end-to-end across web and mobile products, conducting problem discovery, building wireframes, mockups, and interactive prototypes, and validating solutions against real user needs and technical feasibility before handoff.
- Led AI and automation-focused design initiatives that contributed to **\$5M+ in retained-client value** and measurable process efficiencies; closed 400+ design requests in the first year while running 5–10 projects simultaneously on tight deadlines.
- Created and maintained design-system standards, building primitive and semantic design tokens for elevation, color, and typography, and authored a payroll-team component library from scratch to drive consistency and speed across teams.
- Built and documented production-ready React/front-end snippets for engineers to meet responsiveness and accessibility standards, closing handoff gaps and tightening design-engineering collaboration.
- Partnered with C-suite, product managers, analysts, client specialists, and staff/principal engineers; selected as leader on a major system-redesign initiative and presented concepts to senior leadership and executives.

Product Design Intern | Paycom May 2023 – Aug 2023

- Collaborated with cross-functional teams and 20+ stakeholders and interviewees toward the successful launch of an internal user-onboarding tool.
- Authored a comprehensive UX guide and a 20-component UI library aligned to the company's design-system guidelines and standards.

Graphic Designer | Lake Washington Institute of Technology Jun 2021 – Mar 2022

Education — Kirkland, WA

- Led design and marketing for 3+ simultaneous campaigns spanning physical and digital assets; campus event turnout increased 150% over prior years.

Education

Bachelor of Arts, Interactive Media Design | University of Washington Jun 2024

Dean's List • 3.8 / 4.0 GPA • Winner, Spring 2023 UW Game Design Jam

Certificate, Design Systems 101 | Design Systems University Dec 2024

Skills

Design & UX: User research & analysis, personas & journey mapping, usability, information architecture, wireframing, rapid prototyping, responsive & user-centered design, accessibility, visual/UI design, design systems & tokens, documentation & handoff

Tools & Code: Figma, FigJam, Miro, Adobe Creative Suite, Claude Code, UserTesting, Jira, Confluence; HTML, CSS, JavaScript, React for accessible handoff

Strengths: Cross-functional collaboration, communication, critical thinking, adaptability, attention to detail, mentorship
